The Enchanted Toy Shop – created and written by Jandee Jones

It's Christmas Eve and a beautiful snowfall, presided over by the Queen of the Snowflakes, blankets the village. The local children are delighted to play in the fresh snow and are only enticed inside by the opening of the local toy shop. The children excitedly admire all the toys until the shop owner proclaims it is closing time and ushers them out; except for Marie, who has hidden herself among the toys. Once the shop is closed Marie begins to explore the toyshop all by herself and is delighted and awestruck to find that the toyshop is enchanted. Coming to life the Harlequin dolls, Marionettes, Puppets, Candy Canes, Toy Soldiers, Sugar Plum Fairies, Gingerbread girls, Angels and Mechanical Dolls each come to life and perform for Marie. Marie and all the toys are having quite the party when the shop owner returns unexpectedly to shoo Marie home to enjoy Christmas with her family.
